ABOUT

Physics teacher working in CBSE schools since 2017, currently teaching classes 9 and 10. I teach through practical demonstrations, real-life applications and interactive simulations, so students understand the concept before the formula. Continuous assessment lets me track progress and support students who need extra help. CTET qualified. M.Sc. Physics and B.Ed. Physical Science.

PROJECTS

- **Interactive Class 10 Physics Classroom**: A free website for teaching NCERT Class 10 Physics on the classroom projector. It follows the textbook section by section (43 sections on Light, the Human Eye, Electricity and Magnetic Effects) with 22 interactive simulations, every NCERT activity, example and exercise with answers, and a pen, timer and random student picker. Planned and tested by me, built with AI assistance.

SKILLS

Classroom teaching

- **Physics Education**: Deep subject understanding; conveys complex concepts in an understandable manner.
- **Practical Demonstrations**: Real-life applications that build student interest and understanding.
- **CBSE Board & Competitive-Exam Preparation**: Strong experience preparing students for CBSE board examinations and competitive tests.

Assessment & support

- **Student Mentorship**: Guides students through academic and personal development.
- **Continuous Assessment**: Interactive learning strategies and assessments to monitor student progress.
- **Remedial Classes**: Experience organising remedial classes for students requiring additional support.

Beyond the syllabus

- **Competition Mentoring**: Mentored students for national-level science competitions, achieving several accolades.
- **Curriculum Development**: Designs and updates curriculum to meet changing educational standards and student needs.
- **Year Plan & Month Plan**: Prepares academic year plans and month-wise plans so teaching is paced and followed through.
- **Technology Integration**: Incorporates technology and digital resources into the classroom to enhance learning, such as an interactive NCERT Class 10 Physics website with 22 simulations.
- **AI-assisted Teaching & Planning**: Uses AI for lesson and year/month plans, question papers and tests, explaining concepts and clearing doubts, and analysing results and progress.
